Application Questions

On separate paper, please answer all the following questions. Please type. For ease in reading your application, please type the questions as well as the answers. You may be brief. Please include a photo.

We would like to better know who you are, what you are bringing to the program, how you can be a resource to others in the program and what you need from others in the way of support. We hope this application will also help you to become clearer about yourself, your goals and your expectations.

Application Questions

Somatic Movement Education Program

Directed by Friederike Tröscher

By answering the following questions, please share your experience and insights. For ease in reading, please type the question as well as the answer. You may be brief. Please include a photo of yourself. If you need to speak with someone regarding your application or any of the questions, please feel free to contact us

1. What is your educational background? Please list any postsecondary schools attended, dates, and any degrees or certificates received. You may enclose a resume instead of answering this question.
2. Please list work or other significant experience. You may enclose a resume instead of answering this question.
3. What experience have you had with Body-Mind Centering®? How did you first hear about it? Have you had individual sessions, classes or workshops with a Certified Practitioner or Teacher? Who? Approximately how many hours?
4. Please list your experience with other body-mind disciplines (movement, dance, bodywork, other psychophysical approaches). Indicate whether your experience has been casual, serious amateur, semiprofessional or professional.
5. What are your reasons for wanting to take this course or program? What are your expectations?
6. An important aspect of this program is its experiential nature. You will be working deeply with yourself and closely with other individuals and the group as a whole. You will be presented with a range of different teaching styles from our staff and different learning styles from other students. At times, you will be asked to step into learning styles that you may be unaccustomed to. In regard to these things, please tell us 1) your strengths and talents and 2) areas where you need support.
7. Do you have any physical or emotional conditions that could affect your participation in this program? If, yes, please describe.
8. Are you interested in the full Somatic Movement Education Program or in individual courses? Are you interested in the 4-year Practitioner Program or the Infant Developmental Movement Education Program?
